CHIBE RIVER BOTSWANA NAMIBIA

## UNIQUE IN AFRICA

On the great expanse of the Chobe River an adventure unlike any other awaits.

Leave the land-based crowds behind and surround yourself with the thrill of the wild from your own private suite aboard a luxury 42-metre floating boutique hotel.

The Zambezi Queen operates in 5-star opulence – a singular, sophisticated experience that has not lost the essence of all that is uniquely African.

## EXPERIENCE THE EXTRAORDINARY

Explore 22 kilometres of remote river under wide, open skies in smaller luxury boats.

The Chobe River supports an array of African game, plant and bird life, including one of the greatest concentrations of elephant on the continent.

From the boat you are likely to observe these mighty giants as well as hippos and crocodiles, and a variety of other wildlife gathering at the water to drink. The half day land-based game drive provides the perfect opportunity to spot predators.

## AFRICAN CONTEMPORARY

Enjoy unobstructed views of water and floodplain from the upper deck's lounge and bar areas.

Take a break from the midday sun or catch the cool evening breezes in this open air environment.

## CHANGING LANDSCAPES

Cosmopolitan living extends from the inside out to the expansive viewing deck and pool area.

Soak in the sunset from the refreshing plunge pool – the end of another perfect day.

## LUXURY LIVING

The lower and upper decks of the boat incorporate 10 suites and 4 master suites, all of which have their own private balconies and are furnished with either a double or two single beds.

Each exclusive space has been designed with the African summer in mind and makes use of fans, shutters, and large sliding glass doors for maximum ventilation.

Fall asleep while the sounds of Africa drift through your open doors at night.

## A TASTE OF AFRICA

No cruise would be complete without the Zambezi Queen's outstanding cuisine.

From the lunch buffet to the seated evening meal, local flavours combine with international tastes to add a few mouth-watering memories to your safari experience.

## READING, RELAXATION & RETAIL

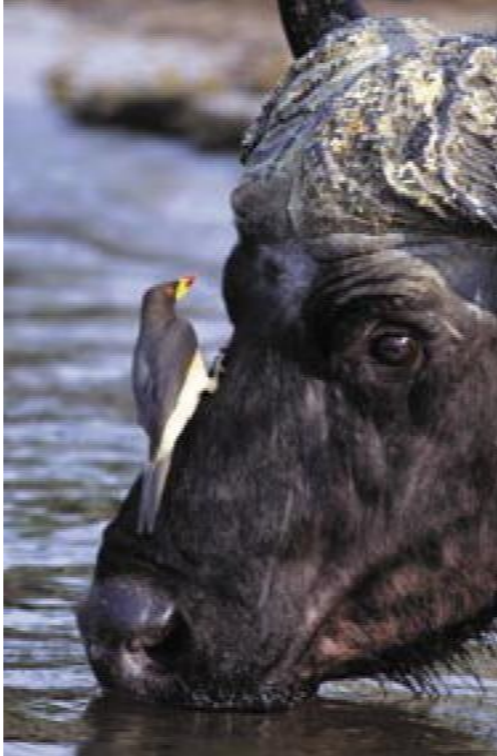

A large reading room provides a restful, air-conditioned environment in which to stretch out with a book or enjoy a game of chess or cards.

Visit the curio shop and browse our selection of books and magazines, or purchase a lasting memory of an unforgettable trip.

## LUXURIOUS GAME VIEWING

## UP CLOSE AND INTIMATE

View the wildlife from the comfort of a custom made, private tender boat.

With only 16 people per boat and your own private guide, full rain protection, onboard refrigeration and a toilet facility, this is luxuriant game viewing at its best.

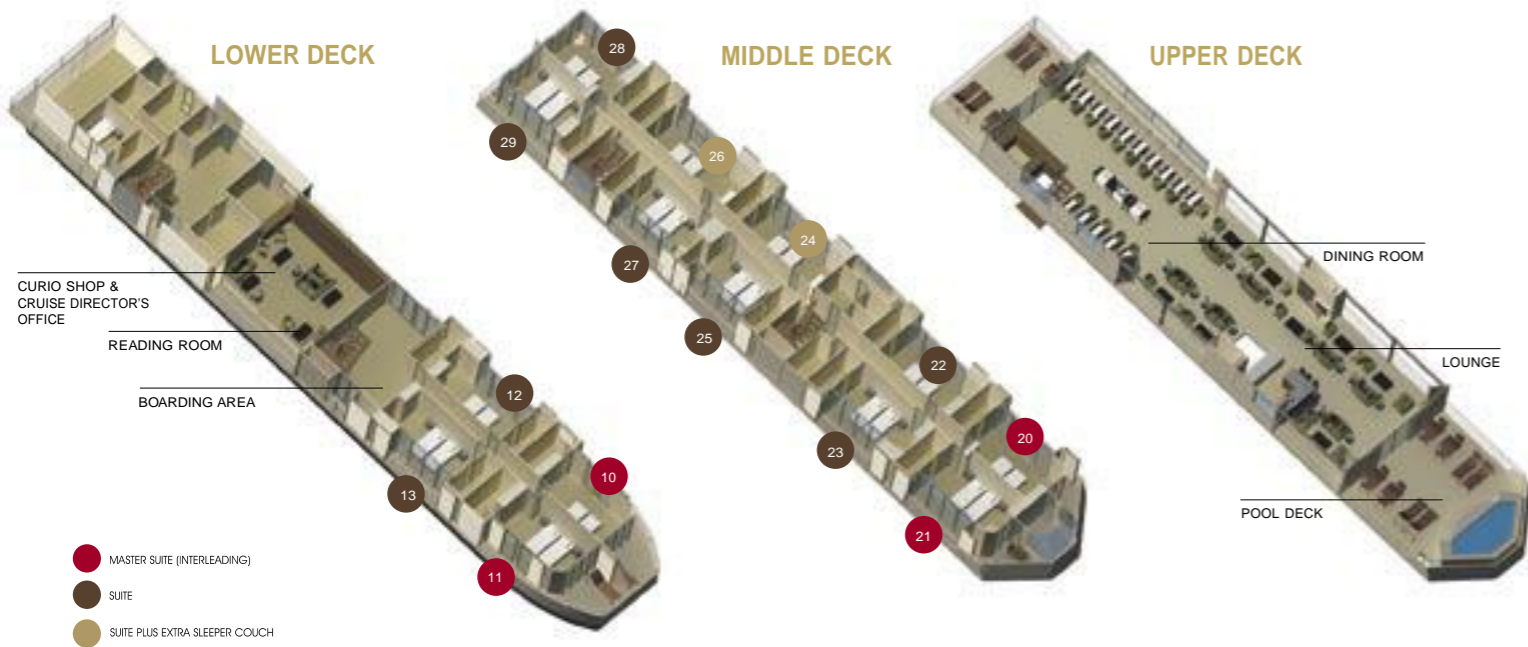

# ECO-TOURISM

Responsibility towards the environment forms the foundation upon which this eco-boat was built.

As part of our commitment to the surrounds, we leave no lasting footprint on the environment in which we operate:

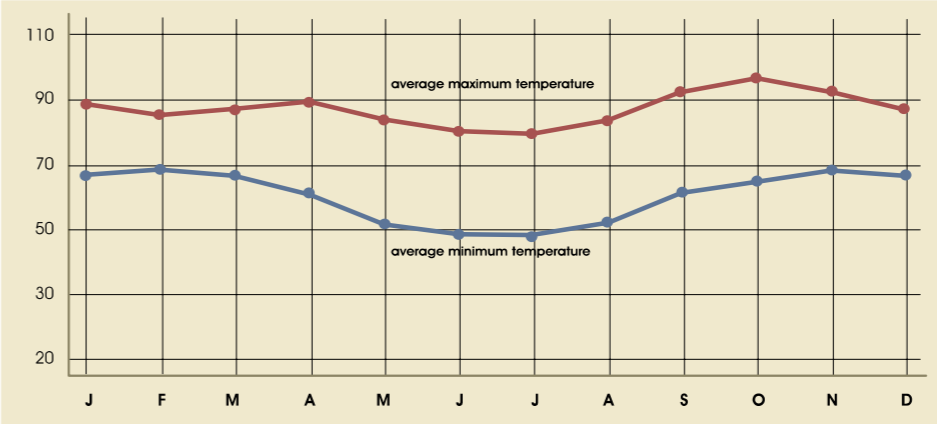

- A water jet propulsion system replaces the conventional propeller system, causing no damage to the river bed.
- Only the latest fuel efficient and low emission generators are run during daylight hours, with the entire boat operating on battery power through the night.
- Hot water is provided by a solar heating system
- Energy-saving lights throughout.
- Water-saving taps and showers.
- Onboard sewerage processing plant.
- Cleaning detergents and soaps are biodegradable.
- Five stage water purification plant, using river water, is used in showers and taps.
